We will do our best to fill your order with the size lamb requested, however, please understand that it is dependent upon the growth of the lambs and that your lamb may be slightly larger or slightly smaller than requested. Orders are filled on a first come, first serve basis with priority given to our existing customers. We will confirm new customer orders after all the lambs have been born in the spring. We will return your deposit if we are unable to fill your order due to the naturally occurring events that can happen when farming (ie: low number of lambs born or illness). Accepting deposits in March 2018.
